

## Reginald McGregor

Serves District at Large

### Biographical Information

Reginald McGregor serves as president of the Lawrence Township School Board. He holds a BS in Mechanical Engineering and an MBA. Mr. McGregor is employed as a manager in the Research & Technology Group at Rolls-Royce Corporation. A twenty-year resident of Lawrence, he is the proud father of one son and two daughters. Both daughters are graduates of Lawrence Central High School.

Reginald is an active volunteer in our schools and community. Besides the school board, he serves on several national and state education and engineering boards including; Aerospace Industries Association Workforce; Indiana STEM Action Coalition; Purdue Engineering Education Advisory Council; Indiana Afterschool Network; and Indiana Project Lead the Way Leadership Council. He also serves as a member of the Governor's Region 5 Works Council.

### Statement of Purpose

It is important to me to keep our focus on **people** in this business of education. **Children** must have equal access with high expectations to succeed in and out of the classroom. **Parents** must be well informed and engaged in the education process. **Teachers** must be valued and have the tools and resources to be effective in their classrooms. **Administrators** must collaborate with **community and business stakeholders** to enrich the education ecosystem of Lawrence Township.
